**4.4 As VIPTRADE is trading in OTC products,** these are off Exchange. The Client agrees that VIPTRADE can deal for the Client as principal where the relevant underlying market or security is not regulated by the rules of any stock exchange or investment exchange. However, VIPTRADE may hedge such trades either through OTC contracts or Exchange traded contracts. In all cases, as VIPTRADE are not a member of any Exchange, those contracts will be traded with VIPTRADE's counterparties who may or may not trade directly on the Exchange.

## **5. Risk Warning**

### **5.1 Some of the significant risks include the following:**

**Leveraged Products.** The high degree of leverage that is obtainable in these type of Contracts because of small margin requirements, can work both for and against the Client. The use of leverage can lead to large losses as well as large gains. The Client may be required to pay further amounts to cover fees on open and closed positions.

**Derivative market volatility** These markets are speculative and volatile. Prices of the Underlying Security can fluctuate rapidly and may reflect unforeseeable events or changes in conditions. These can be difficult, if not impossible, to predict.

Sometimes markets move so fast that 'gapping' or 'slippage' occurs. This is where markets move so quickly that sudden drops or increases occur. If this occurs in the Underlying Market, this also affects the price and may mean the Client is unable to close out a position or open a new position at the price at which the Client has placed the order.

The placing of contingent orders (such as a stop-loss order) may not always limit a Client's losses to the amounts they may want. Conditions may prevent execution of such orders.

Other Factors in the Underlying Market

As the price of the Contract is based upon an Underlying Asset several factors in the Market may also affect an individual's position. Certain political, governmental or other events may cause the underlying security to be suspended from trading.

This may affect VIPTRADE's ability to offer our products to Clients, including closing out existing positions.

Where the Market lacks liquidity (because of insufficient trading activity or where order demand at a particular price or for a particular asset in a specific underlying market exceeds supply), this may affect VIPTRADE's ability to offer the relevant Contract in sufficient volume to allow a Client to close out a position or open a new position.

If any Client does not provide those additional funds within the required timeframe, their position may be liquidated at a loss and they will be liable for any shortfall in their account. Positions are marked to market on a daily basis with payments being settled daily to account for market movements.

#### Minimum balance

If a Client's account balance falls below the minimum required balance as outlined in this Agreement, VIPTRADE reserves the right to reduce or close out that Client's positions. The minimum balance may be varied at VIPTRADE's sole discretion.

#### Loss caused by spread

If a Client opens a position and closes it before the market has moved favorably, they may still incur a loss to the extent of the spread and any fees and commissions payable. Furthermore, the spread may be larger at the time the Client closes the position than when they opened it.

#### Liquidation

VIPTRADE reserves its right not to accept a Client's order request or to close out a position without their agreement in certain circumstances. Please refer to Clause

### **12 of these Terms and Conditions.**

#### **Third Party Supply**

Data supplied by third parties may be delayed, incorrect or unavailable. VIPTRADE is not responsible for provision of those information services nor the consequences if they fail, are delayed or are wrong.

#### **Foreign Exchange exposure**

Client accounts are maintained in the currency that Client has nominated (Base Currency).

Where a Client deals in a Contract that is in a currency other than their Base Currency, all margins, profits, losses etc relating to that Contract are calculated using the currency in which the Contract is denominated.

### **12.1 Initial Margin**

Initial Margin is the amount debited from the Client account as soon as a new position is opened or an order is placed to open a new position. This acts as a security buffer and protects us in the event of Client default. Typically VIPTRADE will require an Initial Margin calculated as a percentage of the contract value.

The Initial Margin will vary depending on the Contract traded. The initial margin is determined at VIPTRADE's discretion mostly by the liquidity of the underlying asset on which the product is based. Once the Client is trading, the daily statement will show the Margin requirement for each trade as well as the Total Margin Requirement i.e. combined Margins of all Contracts.

VIPTRADE advises the Initial Margin rates on the website and electronic trading platforms. Initial margin is debited from a Client account should the Client place an order which is not executed. This margin remains debited from the Client's account while the order remains on the market in anticipation of the order being filled. If the order is not subsequently filled the initial margin is credited to the Client's account when the Client cancels the Order.

Should the Order be filled the amount of the initial margin will remain debited and will be returned immediately once the position is closed.

### **12.2 Variation Margin**

The Variation Margin is the unrealized profit or loss on a Client's open position for self-trading and managed accounts. This is the difference between the value of the Contract when it was bought or sold and its current market price.

Should a Client's position move in their favour VIPTRADE may refund part or all of the Variation Margin to the Client.

### **12.3 Gross Liquidation Value**

The gross liquidation value (GLV) is the amount of money a Client would have left in their account should all of the Client's open positions be closed out at the current market price less any interest, fees or transaction charges. Free equity is the GLV of all the positions in the Client's account less the margin requirement. Free equity can be used to open a new position or can be withdrawn from the Client account. VIPTRADE may require the Client to maintain a minimum free equity balance in their account.

VIPTRADE reserves the right to vary the margin requirement applicable at any time.

### **12.4 Client obligation to monitor**

VIPTRADE will report all margin requirements on a daily basis at the end of each trading day. It is the Client's responsibility to ensure that they request all relevant information, including Margin requirements,

prior to placing any orders or closing out positions. VIPTRADE will not be responsible for any losses the Client may incur in not requesting this information.

At all times, it is the Client's sole responsibility to monitor all margin requirements under these General Terms and Conditions and any additional margin that may be required. To assist in this, we recommend that the Client consider this in light of the following factors:

- Volatility of the market & relevant Underlying Asset
- Any applicable exchange rate risk
- Any open positions
- Bank clearance times for funds transfer and clearance
- Any such matter the Client considers may affect your margin requirements

While VIPTRADE will make reasonable endeavours to make a margin demand, we are under no obligation to provide such demand and the Client may have to close out or limit positions as provided under this Agreement.

A Client's Margin requirement for each Contract will fluctuate based on i) the price of the Underlying Contract and/or ii) foreign exchange rate changes if the Contract traded has a different Currency than the Client's Base Currency Account.

If adverse market movements occur, the Client may be required to deposit additional money (called a Margin Call) to cover the fluctuating margin requirement for a particular Contract. Whenever trading, the Client will need sufficient equity in their Account to maintain the Total Margin requirement.

### **12.5 Liability for margin calls**

The Client is responsible for payment of margin calls, deposits and other security as requested by VIPTRADE and the following is drawn to Client's attention:

- Liability to pay an initial margin accrues at the time the trade or deal is executed regardless of when a call is made. Liability to pay a variation margin accrues at the time the margin comes into existence, regardless of when a call is made.
- Client liability is the total of all margin calculation provisions.
- Should VIPTRADE make a margin call the Client is required to deposit funds into their account within 24 hours or the Account will be taken to be in default. In some circumstances, VIPTRADE may require

payment within shorter time frames, (eg in times of increased market volatility) and payment will need to be made within these time frames in order to meet margin requirements.

- We will make all reasonable attempts to contact Clients by their preferred method of communication. VIPTRADE are under no obligation to contact Clients. Where the market moves quickly or open positions are moving, we reserve the right to close out such positions under this Agreement without making any margin demand or any contact with the Client.
- Failure to meet margin call requirements may mean that we limit or close out positions in accordance with the terms of this Agreement. It is the Client's sole responsibility, 24 hours a day, to monitor their own positions and maintain the required margin.
- Any reduction in the application of Limited Hours trading means that open positions will be marked to market after close of trading and Client margin requirements will vary accordingly. If Clients do not wish to accept this additional risk, any affected Contracts may be closed out at any time after notice of such reduction has been given.

## 12.6 Delays in funds transfers

On occasion, VIPTRADE may, in its sole discretion, allow a Client time to forward funds to meet their margin requirements. This permission is given on a case by case basis and only upon prior written authority from VIPTRADE. Cleared funds are credited to Client Accounts on Business Days between 10.00am and 6.00pm Monday to Friday (GMT +4). Where funds are received outside these hours, they will be credited on the next Business Day between 10.00am and 6.00pm.
